Dutch News; August 10, 2016

Prime minister Mark Rutte paid a lightning visit to Dutch troops in Bagdad on Tuesday. A small group of Dutch are involved in training Iraqi special forces as part of the Dutch contribution to the international coalition against IS. Rutte also had a meeting with Iraqi premier Haider al-Abadi, during which he emphasized the importance of reconciliation between the different groups in Iraq. This is crucial for a stable political and economic reform, the Volkskrant quotes him as saying.
