Frehh Plaza, 31 Jan 2017

The 82nd international trade exhibition of food industry, horticulture, agriculture and forestry □ IGW Berlin Green Week 2017 is underway in Berlin. This is one of the most effective platforms for companies operating in the food and agricultural industries, as the representatives of more than 1800 companies from 60 countries are its attendees, the visit of some 380 thousand people is expected.

The food potential of Uzbekistan is represented by a national stand. According to the results of the held negotiations, a number of export contracts for the supply of fresh and processed fruit and vegetables worth over \$10.17 million were signed.

The representatives of the above mentioned companies have shown interest in procuring fresh and processed fruit and vegetable products from Uzbekistan.
