At the joint session of the Council of Ministers of Bosnia and Herzegovina (BiH) and the Government of Croatia held yesterday in Sarajevo, BiH Chairman of the Council of Ministers Denis Zvizdic said that more than 50 topics were considered at the joint session and that there is a readiness of two governments to continue working on solving all current projects.

We talked about important issues in the area of economic cooperation in the field of stronger infrastructure connectivity and in solving issues that can significantly improve the flow of goods, people and capital... said Zvizdic.

Croatia wants to resolve as many bilateral issues as possible and strongly supports BiH as a full and functional state on its reform path and on its way to the EU membership said Plenkovic.

In bilateral terms, there is no more important state for Croatia than BiH, adds Plenkovic.

The end of the session was marked by signing of five agreements for the increase of bilateral cooperation in the fields of European integration, search for missing persons, tourism and the protection of classified information.
