Mongol State, Mongol Ger

Miyegonmbo ENKHBOLD (Mongolian Peoples Party)

Brief bio: Miyegombo Enkhbold was born on 19 July 1964. He is currently the Speaker of the Mongolia Parliament. He has previously served as the Deputy Speaker of the Parliament as the representative of the minority MPRP. He was the Deputy Prime Minister of Mongolia from 2007 to 2012. He served as the Prime Minister between January 2006 and November 2007.

From 2005 until October 2007, he was the Chairman of the MPRP, and he had served as Mayor of the capital city, Ulaanbaatar. As the result of general election in 2012, he was appointed as Vice Speaker of Parliament. In the 27th Congress of Mongolia Peoples Party, he was elected twice as the Party Chairman.

From the election manifesto: Mongolia is the abode, residence of we Mongolians. We are the children and grandchildren of a nation that recognizes the homeland as OUR OWN ABODE. We are a noble nation who are carrying forward the teachings of our ancestors To bring the state to order, after bringing our home to order.

Our Mongolias history has been one where we have been going downhill every time we have been at odds with each other, and where we have been flourishing and prospering every time we have been united. What are we Mongolians supposed to do for the tomorrow of our Home State? Every single Mongolian desires to look to the future as one person and reach the peak called development. We have one common history, one common goal, one single homeland, and one united nation. We Mongolians of one kin and kith, living under one sun and living at one time, we must unite in our minds and hearts, and then only can we together overcome the crisis and the challenges.

The time is nigh for us to join our hands and hearts rather than joining our voice to criticize each other. Now is the time for us to reconcile with and understand each other rather than breaking our ranks and going our own separate ways.

A Mongol Ger with eighty-one roof poles and only one window looking to the sun on the top cannot be built by one single person alone. The sincere wishes, noble goals, and the unity of us

Mongolians are stronger and much more powerful than any kind of negation and any kind of word.

Our people, who bestowing confidence in the Peoples Party in 2016 made it carry the brunt of the challenges, and they would also demand from the Peoples Party the result of our performance. This is not only trust and confidence, but more than that, this is great responsibility and a formidable assignment.

I would like to symbolically denote these assignments and tasks with the Top Roof-Area window frame (Toono), the poles holding and making the roof (Uni), the latticed walls □ Khana, the support pillars □ bagana and the door □ Uud, and hereby present Thee my election program called MONGOL STATE □ MONGOL GER. Only when these five elements of a ger come together can we have a wholesome and a sovereign MONGOLIA whose hearth would have a flaming fire, a lucky master overseeing the ger, and with horses on tethers.

May the flames of the in the hearth of the MONGOL STATE □ MONGOL GER with a high threshold and boding good luck always rise upwards!

Have faith in us! We have a new Solution!
