Azerbaijans Prime Minister Artur Rasizade has said that the country's increased its defense expenditure 13.5 times over the recent years.

Unfortunately, no significant progress has been achieved in the negotiations on the settlement of the Armenia-Azerbaijan Nagorno-Karabakh conflict over the past years and that is due to Armenia's non-constructive position and its efforts to protract the conflict, he said.

Under the leadership of the Commander-in-Chief, President Ilham Aliyev, Azerbaijan's military power is growing every day and the Azerbaijani army is equipped with the state-of-the-art weapons, said the prime minister.
