IRAQI MILITARY BOOSTS DEFENCES AGAINST ISIL AT BORDER WITH SYRIA

- 09.11.2018

Aljazeera (9 November 2018)

Pockets of ISIL fighters are suspected to be hiding in the area north of the Euphrates.

In late October, Iraq's government started reinforcing its border with Syria to target these fighters and try to reassure the people who live there.

Al Jazeera's Mohammed Jamjoom reports.
