Anadolu Agency (11 May 2019)

Armenian foreign minister mistakenly shared a photograph of Armenian militia on Twitter which had collaborated with the Nazis, as he was commemorating the Armenian soldiers who held duty in the Soviet army.

Zohrab Mnatsaganyan was remembering May 9 Victory Day of Armenia and deleted the Tweet after realizing his mistake.

"Tribute & respect to my compatriots, who made an enormous contribution to Victory - over 500K conscripts in #SovietArmy, over 300K losses, 106 Heroes of #SovietUnion, 6 #Armenia'n divisions, over 60 Generals and 4 Marshals of Soviet Army!" Mnatsaganyan said in the Tweet.
