Balkan Insight (10 June 2019)

More than 2,000 soldiers from the Army of North Macedonia, the United States European Command and four other NATO countries – Bulgaria, Albania, Montenegro and Lithuania – are taking part in a joint military exercise at the Krivolak training centre in central North Macedonia.

This specific exercise ran from June 5-10, but is part of a larger military drill that started on May 20 and will run until July 15.
