Xinhua reported that newly constructed 47 kilometer highway section Miladinovci-Shtip, which connects North Macedonia's capital Skopje with the eastern part of the country, opened in a ceremony attended by the country's top officials. North Macedonia's Prime Minister Mr Zoran Zaev, Deputy PM Kocho Angjushev, Minister of Transport Goran Sugareski, State Road Director Zoran Kitanov and China's Ambassador to North Macedonia Yin Lixian were among those who attended the ceremony.

Mr Zaev said that Miladinovci-Shtip highway is very important for the proportional regional development and will facilitate the transport of people and goods. The highway section fulfills an essential prerequisite for investors to map the country as a stable and long-term business destination that offers conditions for secure and growing profits.
