MORE THAN HALF OF INWARD INVESTMENTS INTO KAZAKHSTAN CHANNELED FROM EU

- 05.09.2019

Kazinform (05 September 2019)

As Kassymbek said, more than 120 countries of the world channeled some USD 330 bln of foreign direct investments into Kazakhstan since the country has gained its independence. Out of which 50% was invested by the European Union states, particularly, Switzerland invested USD 25.8 bln, France USD 16.1 bln. The U.S. ranks second in this list infusing 48.4 bln into Kazakhstan that is 15% of the total direct foreign investments. Investments from Great Britain and China account for some 5%. As of August 1, 2019, the number of foreign companies, their branches, and joint ventures working in Kazakhstan hit 20,000. Kazakhstani companies also are present abroad. Since 2010 Kazakhstans authorized agencies has considered about 650 foreign investment projects. Only the part of them was realized. The EU member states suggest 185 projects, Russia proposes to implement 111 joint projects, Turkey submits 111, and China offers 55 projects.
