
UN CHIEF: POST-CORONAVIRUS WORLD WILL BE EVEN MORE DIGITAL

-

03.04.2020

EurActiv (3 April 2020)

Mario Villar

The post-coronavirus world will be different and much more digital than before, the United Nations Secretary-General Antonio Guterres told EURACTIV's partner EuroEFE in an interview.

Guterres also called for safeguards to ensure that the societal control mechanisms developed to combat the COVID-19 pandemic are not abused by dictatorships.

Guterres was emphatic in saying the novel coronavirus will mark a before and after and that this new state of affairs is already being mapped out.
