U.S.-CHINA FEUD OVER CORONAVIRUS ERUPTS AT WORLD HEALTH ASSEMBLY

-

20.05.2020

The New York Times (18 May 2020)

Andrew Jacobs, Michael D. Shear and Edward Wong

Chinas president pledged \$2 billion to fight the virus, a move the United States criticized as an effort to head off scrutiny of its handling of the pandemic.

A meeting of the World Health Organization that was supposed to chart a path for the world to combat the coronavirus pandemic instead on Monday turned into a showcase for the escalating tensions between China and the United States over the virus.
