## SWEDEN LAUNCHES PROBE INTO HANDLING OF PANDEMIC

- 02.06.2020

---

Deutsche Welle (1 June 2020)

Swedish Prime Minister Stefan Lofven announced on Monday that the country will launch an inquiry into its handling of the pandemic before the summer.

The decision comes amid rising criticisms from opposition parties on both Sweden's right and left.

Sweden's two biggest opposition parties – the conservative Moderate Party and the populist Sweden Democrats – urged on Friday for an independent commission to be in place before the summer to investigate the country's response to the outbreak.
