
EUROZONE IN FRESH EMERGENCY ACTION TO BOOST ECONOMY

-

05.06.2020

BBC (4 June 2020)

The European Central Bank has taken further dramatic measures try to boost the eurozone economies, amid their biggest recession since World War Two.

Just months after emergency measures, the central bank said it would increase the size of its bond buying programme by €600bn (£546bn) to €1.35tn.

The programme will run until June 2021, six months longer than planned.
