
GERMANY VIOLATED ARMS EXPORT REGULATIONS FOR DECADES, STUDY SAYS

- 22.07.2020

Deutsche Welle (19 July 2020)

Germany has systematically violated arms export regulations for 30 years, researchers announced on Sunday.

"Germany licenses and exports weapons of war and armaments to countries affected by war and crisis, to countries with human rights violations and to regions of tension," the Peace Research Institute Frankfurt (PRIF) said.

A PRIF study examined the consistency of German arms export policy since 1990 and whether they adhered to the European Union's eight-point criteria when approving arms exports.
