
PARIS COMPULSORY FACE-MASK RULE COMES INTO FORCE

-

28.08.2020

BBC (28 August 2020)

Wearing a face-mask in public has become mandatory across Paris and several surrounding areas, amid a surge in Covid-19 cases in France.

The move comes a day after the country recorded 6,111 new infections - its highest number since early May.

The number of "red zones" where the virus is in active circulation has risen from two to 21.
