
INDIA PUSHES SUPPLIES TO DISPUTED CHINA BORDER AHEAD OF WINTER

-

17.09.2020

Al Jazeera (16 September 2020)

India's military has activated its entire logistics network to transport supplies to thousands of troops ahead of a harsh winter along a bitterly disputed Himalayan border with China, as New Delhi blamed Beijing for the worst border standoff in decades.

In recent months, one of India's biggest military logistics exercises in years has brought vast quantities of ammunition, equipment, fuel, winter supplies and food into Ladakh, a region bordering Tibet that India administers, officials said.
