
VATICAN AND CHINA PREPARE TO RENEW HISTORIC DEAL, ANGERING US

-

22.09.2020

Al Jazeera (22 September 2020)

The Vatican and China are preparing to renew a historic deal on the appointment of bishops that has slightly thawed icy relations, but has angered the United States.

Pope Francis has given the go-ahead for the renewal of the agreement, which is still in "experimental" mode, for another two years, AFP news agency reported on Tuesday.

The extension is expected to be signed next month, according to a source close to the dossier.
