
EXCLUSIVE: EU TAPS CHINESE TECHNOLOGY LINKED TO MUSLIM INTERNMENT CAMPS IN XINJIANG

-

27.10.2020

Deutsche Welle (26 October 2020)

James Franey

Two EU institutions are using technology produced by China's Hikvision, a firm that has been accused of providing surveillance equipment to Muslim internment camps in the country's northwest Xinjiang province.

Hikvision describes itself as "the world's leading video surveillance products supplier."

The Chinese tech giant has its European base in the Netherlands and has not been subject to any EU sanctions or blacklist measures.
