## OMBUDSMAN HIGHLIGHTS FAILINGS IN EU VIRUS-ALERT AGENCY

-

09.02.2021

---

EU Observer (9 February 2021)

The European Ombudsman, Emily O'Reilly, has urged the EU agency in charge of preventing and monitoring viral infections to provide greater clarity about its work, after identifying "gaps" in both its transparency practices and effectiveness.

This inquiry, focused on the early stage of the pandemic crisis (January to April 2020), is part of a wider investigation into how EU initiatives responded to the first coronavirus outbreak.
