IRAQ'S ERBIL AIRPORT TARGETED BY DRONE: KRG

-

15.04.2021

Anadolu Agency (14 April 2021)

Bekir Aydoğan

Erbil International Airport in northern Iraq was hit by an explosives-laden drone, the Kurdish Regional Government (KRG) said Wednesday.

The military section of the airport where US-led international coalition forces are deployed was targeted in the attack, the Interior Ministry said in a statement.

No casualties have been reported, although a warehouse suffered damage, it added.
