
VIRUS SPIKE FORCES JAPAN'S PREMIER TO CANCEL INDIA TRIP

21.04.2021

Anadolu Agency (21 April 2021)

Riyaz Ul Khaliq

Japans prime minister has put off his trips to India and the Philippines amid a resurgence of COVID-19 cases in the two Asian nations.

Yoshihide Suga was scheduled to tour the two countries from late April to early May, Kyodo News reported on Wednesday.

India is witnessing a mass number of new daily coronavirus infections -- now one of the top two worst-hit countries in the world. The Philippines has also reported record cases in recent weeks.
