Politico (15 July 2021)

BY ANDREW MCDONALD

What is leveling up? Anything you want it to be, Boris Johnson suggested Thursday.

Challenged to set out his flagship policy plan aimed at improving the plight of left-behind parts of the U.K., the prime minister name-checked everything from increasing school funding and tackling junk food to investment in bike lanes and removing chewing gum from the streets.

One of the Conservatives key election-winning slogans, Johnson has been repeatedly challenged to fill out the leveling up agenda.
