Euractiv ( 20 October 2021)

Zeljko Trkanjec

The Krško nuclear power plant is producing excellent productivity, safety and economic results and is operating reliably and responsibly towards the environment, Slovenian Minister of infrastructure Jernej Vrtovec said after the commissions meeting in the Slovenian lakeside resort of Bled.

Croatian Minister of Economy and Sustainable Development Tomislav Čorić said he was pleased that the fourth review of the programme monitoring the plants operation had begun, thanking the Slovenian side for good cooperation.
