
IRAQ DETECTS 571 CITIZENS AT BELARUS POLISH BORDER

-

15.11.2021

Anadolu Agency (November 15, 2021)

Aysu Biçer

Iraq announced Monday that 571 Iraqi citizens have been detected in eight camps on the border between Belarus and Poland.

Foreign Ministry spokesman Ahmed Al-Sahhaf said it is not possible to know the exact number of Iraqis there since the border length of the mentioned countries is 680 kilometers (422 miles).

He said the country is planning to send its first flight on Nov. 18 to repatriate Iraqis who want to return voluntarily.
