Tajikistan will receive 45 million US dollars in grant from the International Development Association (IDA), which is the part of the World Bank, for financing the Resilient Landscape Restoration Project.

According to the Ministry of Finance (MoF) Secretariat, the agreement on this subject was signed here on May 17 by Mr. Faiziddin Qahhorzoda, Finance Minister of Tajikistan and Mr. Ozan Sevimli, World Bank Country Manager for Tajikistan.

The goal of the Tajikistan Resilient Landscape Restoration Project (TRLRP) is to support sustainable land management in Tajikistan and promote collaboration with Central Asian countries on transboundary landscape restoration. This is the first project under the World Banks Central Asia Resilient Landscape Restoration (RESILAND CA+) Program.
