Kabar (6 June 2022)

QazaqGas National Company announced need in urgent measures to expand commercial gas reserve base, Kazinform reported.

«In 2024 the countrys gas sector may face a crisis. First, we forecast gas shortage in 2024. Domestic market demand will surpass the available gas reserves by 1.7bn cubic meters. We need to launch prompt actions. Otherwise, gas export will be stopped in 2023,» Chairman of QazaqGas National Company JSC Sanzhar Zharkeshov said at the Governmental Hour in the Majilis.
