Iranian Ambassador to Baku Abbas Mousavi has said that completing the bridge over the Astarachay border river is going to diversify the modes of transportation between Iran and Azerbaijan and improve economic cooperation between the two countries, IRNA reported.

The completion of the bridge between Iran and Azerbaijan will boost business in both countries and result in diverse transportation (both railway and automobile) between the two sides, Mousavi said on Wednesday on the sidelines of a visit to the bridge construction site.

Having a length of 89 meters and a width of 30 meters, this bridge aims to connect the international transit highways of the two countries (Baku-Rasht-Qazvin highways), the official explained.
