Anadolu Agency (!18 August 2022)

Raed al-Hamed

The Sadrist movement in Iraq on Thursday rejected the results of a national dialogue meeting.

The movement led by Shia cleric Muqtada Al-Sadr refused to participate in the talks that were called by Prime Minister Mustafa Al-Kadhimi.

The Wednesday's session was attended by UN envoy to Iraq Jeanine Plasschaert to find a solution to the ongoing political crisis which has hindered the formation of a new government.
