Council of the European Union (17 October 2022)

The Council today decided to deploy up to 40 EU monitoring experts along the Armenian side of the international border with Azerbaijan with the objective of monitoring, analysing and reporting on the situation in the region. This decision follows the quadrilateral meeting between President Aliyev, Prime Minister Pashinyan, President Macron and President Michel on 6 October, and is aimed at facilitating the restoration of peace and security in the area, the building of confidence and the delimitation of the international border between the two states.

In order to ensure a swift deployment of the EU monitoring capacity, it was decided that the monitoring experts will be temporarily deployed from the European Union Monitoring Mission in Georgia (EUMM Georgia). The EUMM is taking operational steps so that its monitoring capacity in Georgia is not impacted.
