## **AZERBAIJAN STRONGLY REJECTS ARMENIA'S BASELESS STATEMENT**

Azernews (26 December 2022)

We strongly reject the unfounded statement of the Armenian Foreign Ministry from December 24, 2022, distorting views expressed by the Azerbaijani President during his meeting with the Western Azerbaijan Community, Azernews reports per the Azerbaijani Foreign Ministry.

It is nothing but hypocrisy by the Armenian Foreign Ministry to claim Azerbaijan's disinterest in regional peace and stability and is a violation of international law. We would like to remind Armenia that despite the 30-year-long occupation of Azerbaijani territories by Armenia, the expulsion from the territories of Azerbaijan hundreds of thousands of people, and massacres committed, Azerbaijan has remained faithful to the negotiations process toward the peaceful and negotiated resolution of the conflict with Armenia for 25 years. Despite the total victory in the 44-day Patriotic War and the liberation of its territories from occupation, it was Azerbaijan that put forward the proposal to sign a peace treaty with Armenia.
