Russia plans to clarify Armenias statement on refusing to host the CSTO military exercises in 2023, Kremlin spokesperson Dmitry Peskov said.

This is a rather recent statement by the Armenian Prime Minister, Peskov told RIA Novosti. I think our partners in the CSTO will be in contact, will clarify details on the position of Armenia. In any case, Armenia is a very close ally of ours. We will continue dialogue, including on issues which are now very complicated, Peskov said.
