
CHINA TO REOPEN BORDERS WITH HONG KONG, MACAU AFTER COVID CLOSURE

- 03.02.2023

Al Jazeera (3 February 2023)

Borders have been closed for nearly three years, separating families and disrupting tourism and other businesses.

China has announced it will completely reopen its borders with the territories of Hong Kong and Macau, dropping COVID-19 testing requirements and daily quotas after nearly three years of closure.

The State Councils Hong Kong and Macao Affairs Office said on Friday that all remaining restrictions would be dropped starting from midnight on February 6, with group tours allowed to restart.
