13.02.2023

Reuters (11 February 2023)

Italy is set to sign a new contract to sell four gas turbines to Azerbaijan, its industry minister said on Saturday ahead of his visit to the Asian country that is one of Rome's most important energy partners.

The deal will involve Italy's Ansaldo Energia, a service provider for the power generation industry, and Azerenerji, the country's largest electrical power producer, minister Adolfo Urso said in a statement. He gave no financial details.
