*Serbia and Montenegro have asked for an explanation after Moldova claimed that some of their citizens might be involved in a Russian-backed plot to overthrow the pro-EU government in Chisinau.*

Officials in Serbia and Montenegro on Tuesday called for clarification from Chisinau after Moldovan President Maia Sandu alleged that citizens of Russia, Belarus, Serbia and Montenegro planned to try to enter Moldova and violently oust the countrys pro-EU government in order to replace it with a Russian-controlled puppet regime.

Sandu claimed on Monday that foreign saboteurs with military training, disguised as civilians, would try to stage a coup and take hostages under cover of protests staged by Moldovas pro-Russian opposition.
