
EU GIVES UKRAINE €2BN OF AMMUNITION AFTER SHELL PLEA

21.03.2023

BBC News (20 March 2023)

By James Gregory

More than a dozen European Union member states have agreed to supply Ukraine with at least one million artillery shells over the next year.

The plan, worth €2bn in total, was agreed in Brussels on Monday.

Ukraine had told the EU it needed 350,000 shells a month to hold back advancing Russian troops and launch a counter-offensive this year.
