
CHINA'S WEAPON OF CHOICE IN TAIWAN

-

31.03.2023

The Diplomat (30 March 2023)

Chihwei Yu

While military operations spark the most attention, China prefers an easier path: spreading disinformation and fake news in Taiwan.

While China has not given up the possibility of using military operations to resolve the conflict between Taipei and Beijing, it also acknowledges the potential interference from the United States and the high cost of military operations. Instead, Beijings preferred policy is to seek unification by hollowing out resistance within Taiwan.
