The Guardian (4 April 2023)

Peter Beaumont

Experts say weaponry will give Kyiv a psychological edge against Russia but is not enough for a big punch

In an anonymous muddy field somewhere in Ukraine, the countrys defence minister crouched in the commanders hatch of a British Challenger 2 tank, one of the first three of 14 to be delivered to Kyiv.

In a maroon jacket and matching baseball cap, Oleksii Reznikov gave a thumbs-up as he thanked the UK for the delivery of the system.
