*Move comes amid concerns the decision might directly impact the election outcome on May 21.*

The Greek Supreme Court on Tuesday decided to exclude a neo-Nazi-linked party from the general election set for May 21 amid concerns that the party could directly impact the election outcome.

The far-right National Party-Greeks, founded by imprisoned lawmaker Ilias Kasidiaris of the banned neo-Nazi Golden Dawn, does not meet the requirements to take part in the election, said the court, according to public broadcaster ERT.
