The Diplomat (5 September 2023)

Seulkee Jang

Pyongyang is selling older weapons in its existing stocks to overseas customers as it replaces the Korean Peoples Armys stockpiles with new weapons.

North Korea is actively smuggling weapons to Russia and other countries, according to multiple sources inside the country recently.

The governments weapons exports have increased recently, a Daily NK source in North Korea said on August 31, speaking on condition of anonymity for security reasons. Not only Russia, but many other countries are asking for our weapons.
