
ANCA EXECUTIVE DIRECTOR MADE A VEILED CALL FOR PASHINYAN'S ASSASINATION

- 25.09.2023

Aram Suren Hamparian, one of the Executive Directors of the Armenian National Committee of America (ANCA), shared an interesting post on his Facebook page on 24 September. In his post, Hamparian said "the moment an Armenian guarding Pashinyan values his souls more than his paycheck." It is understood from his post that Hamparian is implicitly encouraging the assassination of Armenian Prime Minister Nikol Pashinyan.

In the past, the using of radical methods were also welcomed by ANCA. It is a known fact that the terror group "Justice Commandos of the Armenian Genocide" (JCAG) were strongly supported by ANCA.
