*Views from Australia, Japan, the Philippines, South Korea, and Taiwan.*

Governments around the world were keeping a close eye on this weeks summit between Chinese President Xi Jinping and U.S. President Joe Biden, held on the sidelines of the APEC Economic Leaders Meeting in San Francisco. In their first in-person meeting since November 2022 □ and just their second since Biden assumed office □ the two presidents sought to reframe the relationship to avoid escalation and responsibly manage competition.
