
WESTERN AIR DEFENSES TURN KYIV INTO A RARE SAFE SPOT IN WAR-TORN UKRAINE

- 20.11.2023

Politico (20 November 2023)

BY VERONIKA MELKOZEROVA

Russia is continuing to try to hammer the Ukrainian capital with missiles and drones, but robust defenses make that very difficult.

Inna Kozich, a communications specialist from Kyiv, still cries when she remembers the first weeks of last year's Russian siege of the Ukrainian capital.

At one moment my kids and I slept in a corridor for three weeks. I was going to bed, not sure if we all wake up the next day, Kozich remembers.
