
POSSIBILITIES FOR SUPPLYING TURKMEN ELECTRICITY TO AZERBAIJAN DISCUSSED

-

30.11.2023

Kabar (30 November 2023)

Minister of Foreign Affairs of Turkmenistan Rashid Meredov and Minister of Economy of Azerbaijan Mikail Jabbarov during a meeting on Tuesday, November 28, discussed ways to develop trade and economic cooperation, Orient reported.

During the negotiations, special attention was paid to interaction in the fuel and energy sector. In particular, an exchange of views on the current situation of Turkmen gas supplies to Azerbaijan and their prospects took place. At the same time, the possibilities of supplying Turkmen electricity to Azerbaijan were discussed, according to a press release from the Turkmen Foreign Ministry.

In terms of establishing transport and transit connections, there has been an increase in regular cargo transportation by various modes of transport. At the same time, the need for widespread use of the capabilities of seaports was emphasized.
