
NORTH KOREA FIRES CRUISE MISSILES OFF EAST COAST, SAYS SOUTH KOREA

-

29.01.2024

The Guardian (28 January 2024)

South Korean military says it is analysing the launch along with US intelligence authorities.

North Korea has fired multiple cruise missiles off an eastern military port, South Korea's joint chiefs of staff have said.

The missiles were launched about 8am (2300 GMT Saturday) and were being analysed by South Korean and US intelligence authorities, South Korea said, without specifying how many missiles were fired.
