
AZERBAIJAN, KAZAKHSTAN TO DRIVE CASPIAN REGION GROWTH

-

30.01.2024

Asia Times (26 January 2024)

Robert M. Cutler

Their cooperative economic strategy represents a significant shift in their post-Soviet economic narrative.

Azerbaijans economic growth and diversification have played a pivotal role in enhancing stability and security across the South Caucasus and Central Asia regions since the disintegration of the Soviet Union. In recent years, its principal partner in this project has been Kazakhstan.

Initially focused on their oil and gas reserves, both countries have been shifting toward agriculture and trade as key sectors.
