## **FIJI'S FORMER PRIME MINISTER FRANK BAINIMARAMA JAILED FOR A YEAR**

-

10.05.2024

---

Al Jazeera (9 May 2024)

Frank Bainimarama, who was Fijis prime minister for some 15 years until losing power in 2022, has been jailed for a year after he was found guilty of using his position to shut down a corruption investigation into a prominent university.

Once armed forces chief, Bainimarama seized power in a 2006 coup and later won democratic elections in 2014 and 2018.
