Edith M. Lederer

The U.N. General Assembly adopted a resolution Thursday demanding that Russia urgently withdraw its military and personnel from Europes largest nuclear power plant and immediately return the facility to Ukraine.

The resolution also reiterates the assemblies demands for Russia to immediately cease its aggression against Ukraine and withdraw all troops, and again reaffirms the 193-member world bodys commitment to Ukraines sovereignty, independence, unity and territorial integrity.

The resolution was approved by a vote of 99-9 with 60 countries abstaining and 25 countries not voting.
