
TERESA RIBERA FACES NUCLEAR HURDLE TO RUNNING EU GREEN POLICY

- 09.08.2024

Politico (9 August 2024)

Victor Jack

Nuclear-friendly lawmakers and countries like France dont want the EUs potential next green chief to thwart an atomic revival.

On paper, the European Unions leading candidate to guide green policy for the next five years has it all: decades of experience, endless high-profile contacts and a shining reputation.

Theres just one problem: Teresa Ribera is a hardened nuclear skeptic.
