"Secretary of State for Foreign, Commonwealth, and Development Affairs of the United Kingdom David Lammy's opinions about the liberation of Azerbaijan's lands are absolutely true. This is the position not only of the foreign secretary but also of the international community."

Azernews reports that Azerbaijan's ambassador to Great Britain, Elin Suleymanov, said these words in a statement to the British "GB News" channel:

"There are four resolutions of the UN Security Council demanding the withdrawal of Armenian troops from the territory of Azerbaijan. The Prime Minister of Armenia also confirmed that the lands freed from occupation are the territory of Azerbaijan. David Lammy is absolutely right. Our lands have been freed from occupation, people are now returning to their homelands," the ambassador said.
